

Hi,

Thank you for choosing to store your boat with us. A few things to keep in mind is that we require at least a two days head notice that you want the boat set out for pick up. If you request any maintenance to the boat (oil change, cleaning, ETC) please be aware that we may need a week or more prior notice.

Also please be aware that if your boat has a drain plug, we are not responsible for any damage done to the boat by rain, snow, etc. if the drain plug is left in the boat. If you are worried that your drain plug is still in the boat, give us a call and we will be happy to remove it for you.

Attached will be our Lot Storage Agreement. Please fill out the form to your best ability. Please make sure we have a valid address and number on hand in case we need to be in contact.

If you have any further questions please feel free to call or email and we will be happy to answer them for you,

## **“Things that happen to stored boats”**

Batteries die

Water collects in low places, even when covered

Electrical things stop working (ie: pumps, starters, radios, etc.)

Gas goes bad, loses octane

Sun and water damage seats, carpet, covers, etc.

Drain holes get plugged up with debris

Trailer tires go flat and trailer lights stop working

## Lot Storage Agreement

Clarksville Water Sports is renting you storage space for your boat/camper in our fenced-in outdoor storage area also referred to as our "lot".
